

There are different ways you can get help with your investments. You should carefully consider which types of accounts and services are right for you. This is a summary of the services we provide and how you will pay for them. Feel free to contact us for additional information. Questions you might ask us are noted (→) throughout the Summary.

## Introduction

Harrington Investments Inc. is an SEC registered investment adviser that has provided investment management services to retail investors since 1982. We are a California-based advisory firm specializing in socially responsible investing (“SRI”), an investment strategy seeking both solid financial return and positive social impact. We do not provide services as a broker-dealer. There are differences between investment advisers and broker-dealers, and it is important for you to understand them as you decide what kind of account is right for you. You can learn more about the differences between investment advisers and broker-dealers at the websites provided by the SEC like <https://www.investor.gov> and <https://www.investor.gov/crs>.

## What Investment Services and Advice Can You Provide Me?

**Investment Management Services:** If you request investment management services, we will:

- Tailor an investment approach for you that reflects your age, income, family circumstances, financial condition, retirement goals, investment goals, and your risk tolerance.
- Conduct periodic reviews of your goals and asset allocation in response to changes in the above factors.
- Provide ongoing monitoring of your investment accounts.
- Monitor market, economic, and geo-political trends.
- Review relevant financial industry research on a routine basis.
- Buy and sell securities for your accounts that are consistent with your financial goals and risk tolerance.
- We will do so on a “discretionary” basis that authorizes us to trade without your approval of each trade. We may make an exception and advise you on a “non-discretionary” basis for designated assets whereby we would make investment recommendations to you and allow you to make the decisions as to which securities to buy or sell.
- For certain clients, foreign investments in SRI-qualified companies are made through our sub-advisor, Beyond Wealth and for these we supervise those third-party managed investments.

Our Firm imposes a minimum portfolio requirement of \$1 million for all new client relationships.

**Financial Planning Services:** If you request financial planning services and depending upon your needs, we will evaluate your financial condition and help you set financial goals and plan for retirement. Analyses may include education funding, insurance needs, charitable giving, estate and tax planning and employer stock options. These may be stand-alone services or included with our management services.

Additional detail about our services is provided in our Form ADV Part 2A at Item 4.

- Given my financial situation, should I choose an investment advisory service and why or why not?
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education and other qualifications?
- What do your professional qualifications mean?

## What Fees Will I Pay?

**These are the principal types of fees you will pay to us in connection with our services:**

- **Asset-Based Fees:** Quarterly management fees charged as a % of the value of the assets under our management.
- **Hourly Fees:** On a limited basis, financial planning/consulting services are provided on an hourly fee basis; these are paid at the time the services are provided.
- **Sub-advisory Fees:** For clients invested in foreign SRI investments managed by our sub-advisor, Beyond Wealth.

Our fees are negotiable and may vary amongst clients.

### **Other fees & costs you will *pay to others* in relation to your investments include:**

- Custodian fees. If charged, these are paid to your custodian directly, on an annual or a monthly basis.
- Maintenance fees. If charged, these are paid to your custodian directly.
- Transactional and product-level fees (commissions). If charged, paid to your executing broker-dealer directly.
- Fees related to Pooled Investments (Funds). Mutual funds, exchange traded funds (ETFs), private funds, and other pooled products such as limited partnerships and other investment types impose their own management fees, administrative fees and redemption or surrender fees. These are paid to the issuer of the security directly.

The fee any investment adviser charges reduces the value of your account when it is deducted each billing period. Please make sure you understand what fees and costs you are paying. You will pay the asset-based fee each period even if no securities are bought or sold in your account. You will pay fees and costs whether you make or lose money on your investments. More detail about our fees is in our Form ADV Part 2A, Item 5.

➔ **Help me understand how fees and costs might affect my investments – If I give you \$10,000 to invest, how much will go to fees and costs, and how much will remain in investment positions?**

### **What Are Your Legal Obligations to Me When Acting as My Investment Adviser?**

We have adopted an internal Code of Ethics. When we act as your investment adviser, we must act in your best interest and not put our interests ahead of yours. Where the interests of our Firm or staff conflict with our duties to you, we must work to eliminate the conflict or tell you about it in clear terms. You should understand these conflicts because they can affect the investment advice we provide you.

### **How Else Does Your Firm Make Money and What Conflicts of Interest Do You Have?**

Here are examples to help you understand what this means:

- We charge fees for our services and that creates a conflict in that the more assets in your account, the more absolute dollars you pay in fees. We therefore have an incentive to encourage you to increase the assets in your account such as when we recommend you invest in securities rather than non-managed assets or that you rollover a 401K retirement account to an IRA account managed by our Firm.
- We advise you to custody your investment accounts with Charles Schwab because it provides us with essential trading, reporting, compliance, education and back office services and investment research.
- Our employees personally invest in the same, or different securities based upon their personal financial situations and their investments may perform as well as, better or worse than our clients' investments.

### **How Do Your Financial Professionals Make Money?**

Our financial professionals are paid a salary based upon their education, professional training, work background and the level of skill, sophistication and dedication they exhibit in conducting their work for the Firm. Professionals that refer clients to the Firm receive a portion of the advisory fees paid by those clients. Our professionals are entitled to participate in the Firm's year-end bonus program in years in which bonuses are awarded. Those professionals who are owners of the business may share in the profits of the business.
